

L'ARCHIPEL

Situated along the Northern coast of Mauritius at Grand Gaube, L'ARCHIPEL, with its four islands beckoning offshore, is a bungalow/hotel complex.

Encircled by the lush tropical vegetation and washed by waters of the blue green sea, it is one of the few places along the coast from where the view fully embraces the vast sea panorama in which are berthed Round and Flat Islands and Gunner's Quoin, almost riding at anchor.

Eight exotic self contained three bedroom bungalows, three rooms and two suites stylishly pencilled, against the blue sky or standing out from an idyllic lagoon background, provide a calm, restful, away-from-it-all holiday, free from constraints of all sorts.

L'ARCHIPEL also offers to indulge your suntanning instincts or allow you to taste the pleasure of water sports such as Pedalos, Kayak, etc. or just to bask in the sun with an occasional dip in the pool after wading through the golden sand, or paddling and goggling in the warm sea.
